GENERAL PRODUCT ENHANCEMENTS

View Response Reports with Notepad Preference Setting

♠ Added the new "Use Windows Notepad instead of built-in previewer to view response reports" option to the "General" tab of the PC-ACE Pro32 preference settings. When enabled, the various response reports (ANSI-271, ANSI-277, ANSI-277CA and ANSI-997/999) will be viewed using Windows Notepad. When disabled, the built-in previewer will be used to view these response reports. This option is disabled by default.

INSTALLING THE UPGRADE

Perform a full PC-ACE Pro32 database backup before installing the upgrade. To install the upgrade, run the attached PCACEUP.EXE file using Windows Explorer or equivalent and follow the simple upgrade wizard steps. When prompted, enter the upgrade password provided by your software supplier. For networked instructions, it is recommended (but not required) that the update be run from the server's console.

IMPORTANT: The recommended database backup is for safety purposes only, and should NOT be restored after successfully installing the update. The update program preserves all existing claims and reference file settings.
